ABOUT ME

I am a motivated student with a strong foundation in computer science and leadership experience. My journey in tech began with my role as the Director of Computer Science and Director of Graphic Design for my school magazine, where I honed my technical and creative skills. As the Captain of the Student Body, I developed strong leadership and organizational skills, managing events single-handedly.

EDUCATION

University Of Alberta | Canada **2024-Present**

- Computing Science With Artificial Intelligence
- First Year 1 – **3.6 GPA**

FAIPS DPS | Kuwait **2018-2024**

- High School Diploma In Computer Science And Mathematics (Grade 8-12)
- Average Percentage : 91% (**Comp Sci – 98%**)

EXPERIENCE

Software Development Intern | Safe Lanes | India

- Developed a Secure PDF Locker (Python) for safeguarding confidential course documents.
- Built a Website Notification System using Angular and Node.js, implementing dynamic UI updates to improve real-time communication with users.
- Created a Custom Maritime Chatbot (Python) with data embeddings from multiple maritime-related PDFs.

Graphic Designer | Freelance | Kuwait

- Led the design and development of 4 magazine covers and 6 sub-covers.
- Collaborated with editorial staff to ensure visual elements aligned with the magazine's content and objectives.
- Managed the end-to-end design process, ensuring all deliverables were completed on time and within budget.

Event Organizer/Manager | Freelance | Kuwait

- Managed logistics for 150+ attendees.
- Designed 10+ digital banners, increasing event visibility.
- Negotiated with hotel and DJs, reducing event costs.
- Balanced event management with Class 10 exams, achieving a 95% score.
